PRINCE2 7 Foundation written Exam Sample Questions (Q156-Q161):

NEW QUESTION # 156

From whom does a Team Manager obtain approval for a completed product?

- A. The authority defined in the Product Description
- B. Project Manager
- C. Senior Supplier
- D. Project Support

Answer: A

Explanation:

Section: Volume A

NEW QUESTION # 157

During the Initiating a Project process, which product is updated to incorporate the estimated time and costs from the Project Plan?

- A. Project Brief
- B. Project mandate
- C. Project Product Description
- D. Business Case

Answer: D

NEW QUESTION # 158

in the 'starting up a project' process, what is the PRINCE? name for a 'request for proposal' received by an external supplier?

- A. Project mandate
- B. Project approach
- C. Project brief
- D. Work package

Answer: A

Explanation:

In the PRINCE2 methodology, the 'project mandate' is the term used for initial documentation that triggers the start of a project, typically provided by corporate or program management. It can often come in the form of a request for proposal received by an external supplier, setting out the initial definition of the project and what it aims to achieve, which then leads to more detailed project definitions in the 'starting up a project' process. NEW QUESTION # 159

Which is shown in a product breakdown structure?

- A. In which order the products should be created
- **B. The major products that are to be developed in a plan**
- C. Management stages, major products and control points
- D. What resources are required to develop the products

Answer: B

NEW QUESTION # 160

Which statement about the quality review technique is FALSE?

- A. It supports the management of future changes by providing a baseline for a product
- B. It enables a check to be made on a product's fitness for purpose
- C. It is used to gain wider acceptance of a product by involving key interested parties
- **D. It defines the quality responsibilities of the project team**

Answer: D

Explanation:

The statement that the quality review technique defines the quality responsibilities of the project team is false. The quality review technique in PRINCE2 primarily focuses on checking the product's fitness for purpose, involving key parties to gain wider acceptance, and providing a baseline to manage future changes, but does not specifically define the quality responsibilities of the team.
