All kinds of exams are changing with dynamic society because the requirements are changing all the time. To keep up with the newest regulations of the DP-700 exam, our experts keep their eyes focusing on it. Our DP-700 exam torrent are updating according to the precise of the real exam. Our DP-700 Test Prep to help you to conquer all difficulties you may encounter. Once you choose our DP-700 quiz torrent, we will send the new updates for one year long, which is new enough to deal with the exam for you and guide you through difficulties in your exam preparation.

Microsoft DP-700 Exam Syllabus Topics:

Topic	Details
Topic 1	• Ingest and transform data: This section of the exam measures the skills of Data Engineers that cover designing and implementing data loading patterns. It emphasizes preparing data for loading into dimensional models, handling batch and streaming data ingestion, and transforming data using various methods. A skill to be measured is applying appropriate transformation techniques to ensure data quality.
Topic 2	• Monitor and optimize an analytics solution: This section of the exam measures the skills of Data Analysts in monitoring various components of analytics solutions in Microsoft Fabric. It focuses on tracking data ingestion, transformation processes, and semantic model refreshes while configuring alerts for error resolution. One skill to be measured is identifying performance bottlenecks in analytics workflows.
Topic 3	• Implement and manage an analytics solution: This section of the exam measures the skills of Microsoft Data Analysts regarding configuring various workspace settings in Microsoft Fabric. It focuses on setting up Microsoft Fabric workspaces, including Spark and domain workspace configurations, as well as implementing lifecycle management and version control. One skill to be measured is creating deployment pipelines for analytics solutions.

>> Online DP-700 Lab Simulation <<

Professional Online DP-700 Lab Simulation to Obtain Microsoft Certification

Our company sells three kinds of DP-700 guide torrent online whose contents are definitely same as each other, including questions and answers. The only distinct thing is that they have different ways to use. The PDF format of DP-700 exam torrent is easy to download, prints, and browse learning, which can be printed on paper and can make notes anytime. You can learn anywhere, repeated practice, and use in unlimited number of times. SOFT/PC test engine of DP-700 exam applies to Windows system computers. It can simulate the real operation test environment. The number of Download and install are unlimited. The number of

computers of using DP-700 Questions torrent is unlimited too. App/online test engine of the DP-700 guide torrent is designed based on a Web browser, as long as a browser device is available. It has the functions of simulating examination, limited-timed examination and online error correcting.

Microsoft Implementing Data Engineering Solutions Using Microsoft Fabric Sample Questions (Q78-Q83):

NEW QUESTION # 78

You have a Fabric workspace named Workspace1.

You plan to configure Git integration for Workspace1 by using an Azure DevOps Git repository. An Azure DevOps admin creates the required artifacts to support the integration of Workspace1. Which details do you require to perform the integration?

- A. the Git repository URL and the Git folder
- B. the project, Git repository, branch, and Git folder
- **C. the organization, project, Git repository, and branch**
- D. the personal access token (PAT) for Git authentication and the Git repository URL

Answer: C

NEW QUESTION # 79

You have a Fabric warehouse named DW1. DW1 contains a table that stores sales data and is used by multiple sales representatives.

You plan to implement row-level security (RLS).

You need to ensure that the sales representatives can see only their respective data.

Which warehouse object do you require to implement RLS?

- A. STORED PROCEDURE
- **B. FUNCTION**
- C. SCHEMA
- D. CONSTRAINT

Answer: B

Explanation:

To implement Row-Level Security (RLS) in a Fabric warehouse, you need to use a function that defines the security logic for filtering the rows of data based on the user's identity or role. This function can be used in conjunction with a security policy to control access to specific rows in a table.

In the case of sales representatives, the function would define the filtering criteria (e.g., based on a column such as SalesRepID or SalesRepName), ensuring that each representative can only see their respective data.

NEW QUESTION # 80

You have an Azure key vault named KeyVault1 that contains secrets.

You have a Fabric workspace named Workspace1. Workspace1 contains a notebook named Notebook1 that performs the following tasks:

- * Loads stage data to the target tables in a lakehouse
- * Triggers the refresh of a semantic model

You plan to add functionality to Notebook1 that will use the Fabric API to monitor the semantic model refreshes. You need to retrieve the registered application ID and secret from KeyVault1 to generate the authentication token. Solution: You use the following code segment:

Use notebookutils.credentials.getSecret and specify key vault URL and the name of a linked service.

Does this meet the goal?

- A. Yes
- **B. No**

Answer: B

NEW QUESTION # 81

HOTSPOT

You have a Fabric workspace.

You are debugging a statement and discover the following issues:

Sometimes, the statement fails to return all the expected rows.

The PurchaseDate output column is NOT in the expected format of mm/dd, yy.

You need to resolve the issues. The solution must ensure that the data types of the results are retained. The results can contain blank cells.

How should you complete the statement? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer Area

SELECT

item_id as ItemId

as ItemName

☐ ,convert(varchar(20), item_name)

☐ ,convert(varchar(max), item_name)

☐ ,try_cast(item_name as varchar(20))

☐ ,item_description as ItemDescription

as PurchaseDate

☐ ,convert(varchar, purchase_date, 7)

☐ ,convert(varchar, purchase_date, 109)

☐ ,convert(varchar, purchase_date, 112)

FROM

Table1

WHERE

item_type = @itemtype_parameter

Answer:

Explanation:

SELECT

item_id as ItemId

as ItemName
 ,convert(varchar(20), item_name)
 ,convert(varchar(max), item_name)
 ,try_cast(item_name as varchar(20))
 ,item_description as ItemDescription

as PurchaseDate
 ,convert(varchar, purchase_date, 7)
 ,convert(varchar, purchase_date, 109)
 ,convert(varchar, purchase_date, 112)

FROM

Table1

WHERE

item_type = @itemtype_parameter

Explanation:

Answer Area

SELECT

item_id as ItemId

as ItemName
 ,convert(varchar(20), item_name)
 ,convert(varchar(max), item_name)
 ,try_cast(item_name as varchar(20))
 ,item_description as ItemDescription

as PurchaseDate
 ,convert(varchar, purchase_date, 7)
 ,convert(varchar, purchase_date, 109)
 ,convert(varchar, purchase_date, 112)

FROM

Table1

Microsoft

NEW QUESTION # 82

You have a Fabric workspace that contains a warehouse named Warehouse1.

While monitoring Warehouse1, you discover that query performance has degraded during the last 60 minutes.

You need to isolate all the queries that were run during the last 60 minutes. The results must include the username of the users that submitted the queries and the query statements. What should you use?

- A. views from the queryinsights schema
- B. the Microsoft Fabric Capacity Metrics app
- C. Query activity
- D. the sys.dm_exec_requests dynamic management view

Answer: C

NEW QUESTION # 83

• • • • •

The learners' learning conditions are varied and many of them may have no access to the internet to learn our DP-700 study materials. If the learners leave home or their companies they can't link the internet to learn our DP-700 study materials. But you use our APP online version you can learn offline. If only you use the DP-700 study materials in the environment of being online for the first time you can use them offline later. So it will be very convenient for every learner because they won't worry about when they go out or go to the remote area that they can't link the internet to learn our DP-700 Study Materials, and they can use our APP online version to learn at any place or time. That's the great merit of our APP online version and the learners who have difficulties in linking the internet outside their homes or companies can utilize this advantage, they can learn our DP-700 study materials at any place.
