Oracle 1Z0-947 Practice Test: Tips and Tricks from Free4Torrent

Our 1Z0-947 practice tests cover the entire outline for Oracle syllabus and make your knowledge fully compatible with 1Z0-947 objectives. Touch the destination of success with the help of Free4Torrent preparation material. Convincing quality of practice tests boost up their demand across the industry. Inculcation comes through our 1Z0-947 Exam Practice test while the inclusions of various learning modes is one tremendous feature that is added to promote customer interactivity and objective based knowledge testing.

Oracle GoldenGate 19c Implementation Professional Sample Questions (Q80-Q85):

NEW QUESTION # 80

What Oracle GoldenGate microservices component is used to support the issuing and processing of data and commands in a distributed deployment?

- A. Processor server
- B. Service Manager
- C. Administration server
- D. Distribution server

Answer: D

Explanation:

In Oracle GoldenGate Microservices, the Distribution Server is responsible for distributing data and commands across deployments in a distributed environment. It replaces the classic Data Pump and is designed for routing trail data efficiently to remote targets using secure paths.

NEW QUESTION # 81

Which parameter is used to identify the remote target system in Oracle GoldenGate?

- A. RmtHost
- B. TargetTrail
- C. Map
- D. HostName

Answer: A

NEW QUESTION # 82

Source and target tables have the same column order, data types, and column sizes, yet different table and column naming. Which Replicat parameter will handle this mapping?

- A. COLMAP (USEDEFAULTS)...
- B. COLMAP (TargetColumnName=SourceColumnName, ...)
- C. SOURCEDEFS
- D. ASSUMETARGETDEFS

Answer: B

Explanation:

When source and target tables have the same column order, data types, and sizes, but different table or column names, you need to explicitly map columns using the COLMAP parameter in the Replicat parameter file.

NEW QUESTION # 83

In integrated mode, the Replicat process leverages the apply processing functionality that is available within the Oracle database. How does it operate?

- A. It reads the Oracle GoldenGate trail, performs data filtering, mapping, and conversion. Then, it constructs logical change records (LCRs) from source database DML transactions. DDL is applied directly by Replicat. Finally, it transmits the LCRs to the inbound server, which applies the data to the target database.
- B. It reads the Oracle GoldenGate trail, performs data filtering, mapping and conversion. Then, it transmits the regular change records to the inbound server, which applies the data to the target database.
- C. It reads the Oracle GoldenGate trail, performs data filtering, mapping, and conversion. Then, it constructs logical change records (LCRs) from source database DML transactions. Then it is attached to a background process in the target database by means of lightweight streaming mechanism, which transmits the LCRs to the inbound server, which applies the data to the target database.
- D. It reads the Oracle GoldenGate trail, performs data filtering, mapping and conversion. Then, it constructs logical change records from source database DML transactions. Next, it uses standard SQL to apply data directly to the target tables.

Answer: A

Explanation:

Integrated Replicat constructs LCRs for DML, sends them to the inbound server for apply, while DDL is applied directly by Replicat-not through the inbound server.

NEW QUESTION # 84

You want to eliminate the reporting output from processing a Macro. How should you proceed?

- A. Use the optional parameter NOMACROOUTPUT.
- B. Use the optional parameter NOREPORT.

- C. Use the optional parameter UNLIST.
- **D. Use the optional parameter NOLIST.**

Answer: D

Explanation:

The NOLIST parameter is used in Oracle GoldenGate to suppress the listing of macros and included parameter files in the process report file. This is particularly useful when including long macro libraries to keep the report concise.

NEW QUESTION # 85

.....

With over a decade's business experience, our 1Z0-947 test torrent attached great importance to customers' purchasing rights all along. There is no need to worry about virus on buying electronic products. For we make endless efforts to assess and evaluate our 1Z0-947 exam prep' reliability for a long time and put forward a guaranteed purchasing scheme, we have created an absolutely safe environment and our 1Z0-947 Exam Question are free of virus attack. If there is any doubt about it, professional personnel will handle this at first time, and you can also have their remotely online guidance to install and use our 1Z0-947 test torrent.

1Z0-947 Reliable Exam Blueprint: <https://www.free4torrent.com/1Z0-947-braindumps-torrent.html>

At the Free4Torrent, we guarantee that our customers will receive the best possible 1Z0-947 study material to pass the Oracle 1Z0-947 certification exam with confidence, Oracle 1Z0-947 Free Sample Questions We can receive numerous warm feedbacks every day, You will understand that this is really a successful 1Z0-947 exam questions that allows you to do more with less, Oracle 1Z0-947 Free Sample Questions They are accessible with reasonable prices and various versions for your option.

A Simple Multithreaded User-System Dialog, If you're not 1Z0-947 driving sales directly, you can use your pinned items to link back to product information pages on your site.

At the Free4Torrent, we guarantee that our customers will receive the best possible 1Z0-947 Study Material to pass the Oracle 1Z0-947 certification exam with confidence.

100% Pass Unparalleled 1Z0-947 Free Sample Questions & Oracle GoldenGate 19c Implementation Professional Reliable Exam Blueprint

We can receive numerous warm feedbacks every day, You will understand that this is really a successful 1Z0-947 exam questions that allows you to do more with less.

They are accessible with reasonable prices and various versions for your option, Our 1Z0-947 study materials cover three versions, they can meet all your needs.
