2025 Study 400-007 Demo | High-quality 400-007 Valid Braindumps Ppt: Cisco Certified Design Expert (CCDE v3.0) Written Exam 100% Pass

Pass4sures is here to provide you with 400-007 exam dumps. These Cisco 400-007 practice test materials will help you secure the 400-007 credential on the first attempt. Pass4sures resolves every problem of the test aspirants with reliable Cisco 400-007 Practice Test material. This 400-007 practice exam imitates the Cisco 400-007 real exam pattern. Thus, it helps you kill Cisco 400-007 exam anxiety.

Cisco Certified Design Expert (CCDE v3.0) Written Exam Sample Questions (Q73-Q78):

NEW QUESTION # 73

You are designing the routing design for two merging companies that have overlapping IP address space. Which of these must you consider when developing the routing and NAT design?

- A. Local to global NAT translation is done before policy-based routing
- B. Local to global NAT translation is done after routing
- C. Global to local NAT translation is done after policy-based routing.
- **D. Global to local NAT translation is done before routing.**

Answer: D

NEW QUESTION # 74

You are designing the QoS policy for a company that is running many TCP-based applications. The company is experiencing tail drops for these applications. The company wants to use a congestion avoidance technique for these applications. Which QoS strategy can be used to fulfill the requirement?

- **A. weighted random early detection**
- B. weighted fair queuing
- C. low-latency queuing
- D. first-in first-out

Answer: A

NEW QUESTION # 75

Company XYZ wants to prevent switch loops caused by unidirectional point-point-link condition on Rapid FVST + and MST. Which technology can be used in the design to meet this requirement?

- A. TRILL
- **B. STP bridge assurance**
- C. MSTP
- D. STPBPDU guard

Answer: B

NEW QUESTION # 76

What best describes the difference between Automation and Orchestration?

- **A. Automation refers to an automatic process for completing a single task and Orchestration refers to assembling and coordinating a set of tasks and conditions.**
- B. Automation refers to scripting languages (Python, Ansible etc.) and Orchestration refers to commercial products that control configuration deployment.
- C. Automation refers to an automatic process for completing multiple tasks with conditions and Orchestration refers to executing tasks in parallel.
- D. Automation describes a hands-off configuration process while Orchestration refers to sets of automation tasks that require the network administrator to coordinate.

Answer: A

Explanation:

* Automation: The execution of individual tasks or configurations without manual intervention.

* Orchestration: The coordination and sequencing of multiple automation tasks into structured workflows to achieve complex operational goals.

Why other options are incorrect:

* B, C, D: They incorrectly define orchestration as either partially manual, parallel execution, or limited to commercial tools, which is not accurate in design principles.

-

NEW QUESTION # 77

Refer to the exhibit.

OSPF is running as the IGP to provide reachability to all AS100 networks R3 and R4 are the current ABRs at the boundary of OSPF Area0 and Area1. Now BGP must be deployed within AS 100 because it will be receiving Internet routes from its eBGP peers (the service provider) connected to R1 and R2. What is an optimal solution for this deployment to configure BGP relationships and redistribute BGP learned routes into OSPF?

- A. A full mesh should be deployed between all the routers with mutual redistribution to take place at R1 and R2.
- B. R5 should be configured as a route reflector for R1, R2, R3 and R4. BGP routes must be redistributed at R1 and R2 into OSPF.
- C. Configuration should be set up with R1 and R2, and R3 in one sub AS, with R4 in another, and redistribution at R1 and R2.
- D. R1, R2, R3 and R4 must be set up with a neighbor relationship with R5 only must not be a route reflector.

Answer: A

NEW QUESTION # 78

.....

As is known to us, people who want to take the 400-007 exam include different ages, different fields and so on. It is very important for company to design the 400-007 exam prep suitable for all people. However, our company has achieved the goal. We can promise that the 400-007 test questions from our company will be suitable all people. There are many functions about our study materials beyond your imagination. You can purchase our 400-007 reference guide according to your own tastes. We believe that the understanding of our 400-007 study materials will be very easy for you.
