CrowdStrike CCFA-200b PDF | CCFA-200b Real Dumps Free

Since the CCFA-200b study quiz is designed by our professionals who had been studying the exam all the time according to the changes of questions and answers. Our CCFA-200b simulating exam is definitely making your review more durable. To add up your interests and simplify some difficult points, our experts try their best to simplify our CCFA-200b Study Material and help you understand the learning guide better.

CrowdStrike Falcon Administrator Sample Questions (Q52-Q57):

NEW QUESTION # 52

When a host belongs to more than one host group, how is sensor update precedence determined?

- A. Groups have no impact on sensor update policies
- B. Sensors of hosts that belong to more than one group must be manually updated
- C. The highest precedence policy from the most important group is applied to the host
- D. All of the host's groups are examined in aggregate and the policy with highest precedence is applied to the host

Answer: D

Explanation:

The option that describes how sensor update precedence is determined when a host belongs to more than one host group is that all of the host's groups are examined in aggregate and the policy with highest precedence is applied to the host. A Sensor Update policy is a policy that controls how and when the Falcon sensor is updated on a host. You can create and assign custom Sensor Update policies to different hosts or groups in your environment. Each Sensor Update policy has a precedence value, which determines its priority over other policies. The higher the precedence value, the higher the priority. If a host belongs to more than one host group, each with a different Sensor Update policy assigned, then all of the host's groups are examined in aggregate and the policy with highest precedence among them is applied to the host.

NEW QUESTION # 53

Which of the following tools developed by CrowdStrike is intended to help with removal of the CrowdStrike Windows Falcon Sensor?

- A. CSUninstallTool.exe
- B. FalconUninstall.exe
- C. CrowdStrikeRemovalTool.exe
