The Certified in the Governance of Enterprise IT (CGEIT) certification is a professional certification offered by ISACA that validates an individual's ability to manage, govern and assess an organization's IT systems to support the achievement of organizational goals. The CGEIT certification is designed for individuals who have a significant understanding of IT governance principles and practices and are responsible for managing, advising, or overseeing IT governance-related activities.

The CGEIT certification is a valuable credential for professionals who are involved in IT governance, risk management, and compliance. Certified in the Governance of Enterprise IT Exam certification demonstrates the candidate's ability to align IT with the business objectives, manage IT risks effectively, and deliver value to the organization. The CGEIT Certification is recognized globally and is highly respected in the industry. Certified in the Governance of Enterprise IT Exam certification can enhance career opportunities and increase earning potential for professionals in the field of IT governance.
