work and the quality is trustworthy. If you are still anxious about getting a certificate, why not try our Apple-Device-Support practice materials? If you have any questions about our practical materials, you can ask our staff who will give you help.

Apple Device Support Exam Sample Questions (Q34-Q39):

NEW QUESTION # 34

Select the setting in the sidebar that you should use to turn on FileVault.

Answer:

Explanation:

Answer Area

Explanation:

On your Mac, choose Apple menu > System Settings, click Privacy & Security in the sidebar, then click FileVault on the right. (You may need to scroll down.) Click Turn On. You might be asked to enter your password.

NEW QUESTION # 35

How should you check the progress of an installation and error entries when troubleshooting an application installation issue on a Mac?

- A. Choose Terminal from the Utilities menu.
- B. Choose Enter Full Screen from the Window menu.
- C. Choose Startup Security Utility from the Utilities menu.
- D. Choose Install Log from Console > Log Reports.

Answer: D

Explanation:

When you install an application on a Mac, the installer creates a log file that records the progress and any errors that occur during the installation process. You can use the Console app to view the install log and troubleshoot any issues that may prevent the installation from completing successfully. To access the install log, you need to launch the Console app from the Applications > Utilities folder, or use Spotlight to search for it. Then, in the Console app, choose Install Log from the Log Reports section in the sidebar. You will see a list of install log files, each with a date and time stamp. You can select the most recent one or the one that corresponds to the installation you are having trouble with. The install log file will show you the details of the installation, such as the

source, destination, package name, version, size, and status. It will also show you any errors or warnings that occurred during the installation, such as permission issues, network issues, or corrupted files. You can use the information in the install log to identify the cause of the installation failure and take appropriate actions to resolve it. NEW QUESTION # 36

Where in Recovery app > Recovery Log can you set the view to display only error messages?

- A. Filter Level
- B. Message Type
- C. Detail Level
- D. Log Type

Answer: C

Explanation:

In macOS Recovery's Recovery app log, Detail Level filters messages (e.g., to show only errors), refining the view for troubleshooting.

* Option A: Message Type isn't a filter here.

* Option C: Log Type isn't an option.

* Option D: Filter Level isn't a term used.

* Option B: Correct per Recovery interface. References: Apple Support - "Use macOS Recovery" (support.apple.com/HT201314).

NEW QUESTION # 37

What's required to use Migration Assistant with two installed?

- A. Must be placed near each other
- B. Wi-Fi must be on and the Mac computers
- C. Mac computers with the same version of macOS

Answer: A,B

NEW QUESTION # 38

Select 4.

Which iPad models is the Apple Pencil (2nd gen) compatible with?

- A. iPad Pro 11-inch (1st gen)
- B. iPad mini (6th gen)
- C. iPad Air (4th gen)
- D. iPad Air (3rd gen)
- E. iPad (9th gen)
- F. iPad Pro 12.9 inch (3rd gen)

Answer: A,B,C,F

NEW QUESTION # 39

.....
