## Microsoft Dynamics 365 Finance Functional Consultant Sample Questions (Q292-Q297):

### NEW QUESTION # 292

A company uses Microsoft Dynamics 365 Finance.

You receive a new purchase invoice. You must process the invoice as a fixed asset that complies with applicable tax regulations. Double entry is not permitted for asset acquisitions.

You need to configure the asset and books.

Which four actions should you recommend be performed in sequence? To answer move all actions from the list of actions to the answer area and arrange them in the correct order.

Actions

- On the current value model, select the tax value model as derived value model.
- Link both value models to the fixed asset.
- Create a new fixed asset ID and complete the fixed asset group.
- Create two new value models. A model related to the current posting layer and a model related to the tax layer.

Answer area

- Create a new fixed asset ID and complete the fixed asset group.
- Create two new value models. A model related to the current posting layer and a model related to the tax layer.
- Link both value models to the fixed asset.
- On the current value model, select the tax value model as derived value model.

### NEW QUESTION # 293

You need to configure the budgeting module to meet Fourth Coffee's requirements.

Which configuration should you use for each task? To answer select the appropriate options in the answer in NOTE: Each correct selection is worth one point.

**Answer Area**

Solve User4's issue.

Set the dimension level of the organization budget.

Set the dimension level of the budget control.

**Configuration**

division
department
main account
division
department
main account
division
department
main account

**Answer:**

Explanation:

The screenshot shows the Microsoft Dynamics 365 Task interface. The left pane is labeled 'Answer Area' and contains the task title 'Solve User4's issue.' and three configuration steps: 'Set the dimension level of the organization budget.', 'Set the dimension level of the budget control.', and 'Set the dimension level of the budget control.' (repeated). The right pane is labeled 'Configuration' and shows three stacked configuration tables. The first table has 'division' in the first row, 'department' in the second row, and 'main account' in the third row. The second table has 'division' in the first row, 'department' in the second row, and 'main account' in the third row. The third table has 'division' in the first row, 'department' in the second row, and 'main account' in the third row. The 'department' row in the first table and the 'main account' row in the third table are highlighted with red boxes.

**NEW QUESTION # 294**

You are configuring vendor collaboration security roles for external vendors. You manually set up a vendor contact. You need to assign the Vendor (external) role to this vendor. Which tasks can this vendor perform?

- A. View and modify contact person information, such as the person's title, email address, and telephone number.
- B. Deny or allow a contact person's access to documents on the vendor collaboration interface that are specific to the vendor account
- C. **View consignment inventory.**
- D. Delete any contact person that they have created.

**Answer: C**

Explanation:
