NEW QUESTION # 250

You have a Microsoft Office 365 subscription that contains a user named User1.

You need to ensure that User1 can view Usage reports in the Microsoft Teams admin center. The solution must use the principle of least privilege.

Which role should you assign to User1?

- A. Helpdesk Administrator
- B. Global Administrator
- C. Usage Summary Reports Reader
- D. Skype for Business administrator

Answer: C

Explanation:

According to the Microsoft Teams documentation¹, to access the usage reports in the Teams admin center, you must be assigned one of the following roles:

Global administrator

Teams or Skype for Business administrator

Global reader (only tenant-level aggregate and no per-user or team data) To learn more about Teams admin roles and which reports each admin role can access, see Use Teams administrator roles to manage Teams².

Therefore, based on this information, the correct answer is C. Teams Administrator. This role has the minimum privilege required to view usage reports in the Teams admin center.
