NEW QUESTION # 12

Which organizational level is responsible for day-to-day management and decision making within the constraints established by the project manager?

- A. Commissioning
- B. Delivering
- C. Managing
- D. Directing

Answer: B

Explanation:

The Delivering level is responsible for the day-to-day management and decision-making within the constraints set by the project manager. Delivering teams carry out the actual work to create the project products and manage their activities under the project's governance framework. The Project Manager manages the overall project, while directing sets the strategic direction and commissioning authorizes initiation.

This separation ensures clear responsibilities and empowers the delivery teams to self-manage within defined boundaries.

NEW QUESTION # 13

In which step of the approach to issue management are options to resolve an issue evaluated?

- A. Decide
- B. Capture
- **C. Recommend**
- D. Implement

Answer: C

Explanation:

The Recommend step in issue management involves analyzing the issue and evaluating possible options to resolve it. At this stage, the project team or responsible individuals identify potential solutions, weigh their pros and cons, and recommend the best course of action to decision-makers.

Capture is the initial identification and recording of the issue, Decide involves making the final decision on the recommended solution, and Implement is the execution of the chosen resolution. Evaluating options thoroughly during the Recommend phase helps ensure informed decision-making and effective issue resolution.

This structured approach aligns with PRINCE2's focus on proactive issue management, maintaining control and reducing risk impacts.
