Network-and-Security-Foundation Test Braindumps: Network-and-Security-Foundation - Network-and-Security-Foundation Pass-Sure Torrent &

Network-and-Security-Foundation Ttest Questions

Our company has authoritative experts and experienced team in related industry. To give the customer the best service, all of our company's Network-and-Security-Foundation learning materials are designed by experienced experts from various field, so our Network-and-Security-Foundation Learning materials will help to better absorb the test sites. One of the great advantages of buying our product is that can help you master the core knowledge in the shortest time. At the same time, our Network-and-Security-Foundation Learning Materials discard the most traditional rote memorization methods and impart the key points of the qualifying exam in a way that best suits the user's learning interests, this is the highest level of experience that our most authoritative think tank brings to our Network-and-Security-Foundation learning materials users.

WGU Network-and-Security-Foundation Sample Questions (Q37-Q42):

NEW QUESTION # 37
What is the TCP/IP layer that includes the User Datagram Protocol (UDP)?

- A. Network or internet
- B. Application
- C. Transport
- D. Physical or network access

Answer: C

Explanation:
TheTransport layerin the TCP/IP model includes theUser Datagram Protocol (UDP)andTransmission Control Protocol (TCP). UDP is a connectionless protocol used for fast, lightweight data transmission where reliability is not the priority (e.g., video streaming, VoIP).
* Application layerhandles end-user services but not transport mechanisms.
* Network or internet layerdeals with IP addressing and routing, not UDP.
* Physical or network access layerconcerns hardware transmission methods.

NEW QUESTION # 38
Which statement describes the Integrity tenet of IT security?

- A. It requires that network applications be accessible to users.
- B. It involves keeping systems accessible for network users.
- C. It requires the encryption of sensitive data transmission.
- D. It involves transmitting network data without any errors.

Answer: D

Explanation:
Integrityin IT security ensures that data remains accurate, unaltered, and trustworthy throughout its lifecycle.
This means that data transmission should occurwithout errorsand should not be modified by unauthorized parties. Mechanisms like checksums, hashing, and digital signatures help maintain integrity.
* Encryption (B)enhances confidentiality, not integrity.
* Accessibility (C and D)relates to availability, not integrity.

NEW QUESTION # 39
An attacker uses login data from a data breach to attempt to access another web service.
Which malicious attack strategy is represented in the scenario?

- A. Credential stuffing
- B. Brute-force attack
- C. Session hijacking
- D. Social engineering

Answer: A

Explanation:

Credential stuffingis a cyberattack where attackers use stolen username-password combinations from one breach to try logging into other services, exploiting users who reuse passwords. Automated tools test multiple credentials against multiple sites, leading to unauthorized access.
* Brute-force attacksystematically tries all possible passwords but does not use breached data.
* Session hijackingintercepts active user sessions but does not use stolen credentials.
* Social engineeringmanipulates users into revealing credentials, rather than using breached data.

NEW QUESTION # 40

A company is ensuring that its network protocol meets encryption standards.
What is the CIA triad component targeted in the scenario?

- A. Integrity
- B. Availability
- C. Consistency
- D. Confidentiality

Answer: D

Explanation:
Confidentialityin IT security ensures that sensitive data remains private and protected from unauthorized access. Encryption is a key measure used to maintain confidentiality by encoding data so that only authorized users can access it.
* Integrityensures that data remains accurate and unchanged.
* Availabilityensures that data is accessible when needed.
* Consistencyis not a component of the CIA triad.

NEW QUESTION # 41

With expanded business opportunities and markets, a company needs to comply with theGeneral Data Protection Regulation (GDPR).
Which requirement should be expected for the company under this regulation?

- A. Disclose the software used to protect personal data
- B. Notify individuals each time their personal information is viewed
- C. Compensate individuals for revenue from the sale of their information
- D. Allow individuals to access, collect, or erase their personal information

Answer: D

Explanation:
UnderGDPR, individuals have the right to:
* Accesstheir personal data
* Request modifications or deletions(right to be forgotten)
* Restrict processing of their data
Companies must also ensuretransparency and data protectionby implementing encryption and security controls.
* Compensating individualsis not a GDPR requirement.
* Disclosing security softwareis not mandatory, only security measures in place.
* Notifying individuals every time data is viewedis unnecessary unless required by a breach.

NEW QUESTION # 42

......

Before you buy Network-and-Security-Foundation exam torrent, you can log in to our website to download a free trial question bank, and fully experience the convenience of PDF, APP, and PC three models of Network-and-Security-Foundation quiz guide. During the trial period, you can fully understand Network-and-Security-Foundation practice test ' learning mode, completely eliminate any questions you have about Network-and-Security-Foundation exam torrent, and make your purchase without any worries. If you are a student, Network-and-Security-Foundation Quiz guide will also make your study time more flexible. With Network-and-Security-Foundation exam torrent, you don't need to think about studying at the time of playing. You can study at any time you want to study and get the best learning results with the best learning status.

Just buy our Network-and-Security-Foundation study material and you will have a brighter future, With a total new perspective, Network-and-Security-Foundation study materials have been designed to serve most of the office workers who aim at getting a Network-and-Security-Foundation certification, Once there emerge a sign of updating, we will update our Network-and-Security-Foundation exam pass-sure files and inform you of the latest version immediately, We update the questions answers Courses and Certificates Network-and-Security-Foundation file according to the change in course.

The real value of the World Wide Web is information, Ralph lives with his wife and two daughters in Westford, Massachusetts, Just buy our Network-and-Security-Foundation Study Material and you will have a brighter future.

Pass Guaranteed Quiz 2025 WGU Updated Valid Test Network-and-Security-Foundation Testking

With a total new perspective, Network-and-Security-Foundation study materials have been designed to serve most of the office workers who aim at getting a Network-and-Security-Foundation certification, Once there emerge a sign of updating, we will update our Network-and-Security-Foundation exam pass-sure files and inform you of the latest version immediately.

We update the questions answers Courses and Certificates Network-and-Security-Foundation file according to the change in course, Trust us, choose our Network-and-Security-Foundation certification training materials, you will choose 100% success!
