

# VMware 2V0-16.25 questions and answers

## VMWARE 2V0-41.23 CERTIFICATION | QUESTIONS & ANSWERS

### 2V0-41.23 Practice Test and Preparation Guide

GET COMPLETE DETAIL ON 2V0-41.23 EXAM GUIDE TO CRACK VMWARE NSX 4.X PROFESSIONAL. YOU CAN COLLECT ALL INFORMATION ON 2V0-41.23 TUTORIAL, PRACTICE TEST, BOOKS, STUDY MATERIAL, EXAM QUESTIONS, AND SYLLABUS. FIRM YOUR KNOWLEDGE ON VMWARE NSX 4.X PROFESSIONAL AND GET READY TO CRACK 2V0-41.23 CERTIFICATION. EXPLORE ALL INFORMATION ON 2V0-41.23 EXAM WITH NUMBER OF QUESTIONS, PASSING PERCENTAGE AND TIME DURATION TO COMPLETE TEST.

We are well-known for our wonderful performance on pushing more and more candidates to pass their 2V0-16.25 exams and achieve their dreaming certifications. There is no exaggeration to say that with our 2V0-16.25 study materials for 20 to 30 hours, you will be ready to pass your 2V0-16.25 Exam. Since our 2V0-16.25 exam torrent is designed on the purpose to be understood by our customers all over the world, it is compiled into the simplest language to save time and efforts.

## VMware 2V0-16.25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Plan and Design the VMware by Broadcom Solution: This section of the exam measures the ability of VMware Solution Architects to plan and design solutions. While there are no specific testable objectives included, the focus is on preparing professionals to design VMware-based solutions that align with organizational goals and best practices.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>VMware vSphere Foundation Fundamentals: This section of the exam measures the skills of Virtualization Engineers and focuses on the essentials of virtualization technology. It introduces the principles of virtualization, explores use cases, and highlights the value it brings to businesses. Candidates are expected to demonstrate knowledge of VMware compute components such as vCenter and ESX, cluster configuration, and lifecycle management of virtual machines. It also covers secure workload operations, encryption, and managing resources with content libraries. In addition, storage fundamentals are examined through configuring vSphere storage, deploying VMware vSAN clusters, defining storage policies, and ensuring data availability. Networking fundamentals are also introduced, requiring the ability to differentiate between VMware vSphere networking components.</li></ul>

Topic 3	<ul style="list-style-type: none"> <li>• Troubleshoot and Optimize the VMware Solution: This section of the exam measures the ability of Systems Engineers to troubleshoot and optimize VMware-based environments. While no explicit testable objectives are listed, candidates are expected to apply their problem-solving skills to diagnose, resolve, and enhance VMware solutions for improved reliability and performance.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• IT Architectures, Technologies, Standards: This section of the exam measures the understanding of IT Infrastructure Architects and covers foundational concepts of architectures, emerging technologies, and industry standards. Although no testable objectives are listed here, it establishes the baseline knowledge needed to interpret and design VMware-related environments effectively.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>• Deploy, Configure, and Operate VMware vSphere Foundation (VVF): This section of the exam measures the expertise of Data Center Administrators and emphasizes hands-on skills in deploying and configuring VMware vSphere Foundation environments. Candidates must understand the components of a VVF deployment, configure Supervisors within clusters, and manage identity, access control, licensing, and certificate management. The objectives also extend to lifecycle management within the vSphere Foundation. Furthermore, it explores operational tasks including monitoring and analyzing logs, configuring alerting, managing dashboards, and integrating with VMware Cloud Foundation (VCF) Operations. Candidates will also be tested on cost and pricing configuration, compliance monitoring, and security hardening practices. Finally, automation skills are validated through deploying services with Supervisors, running Kubernetes workloads, using VM services, and integrating VCF Operations Orchestrator to support enterprise automation.</li> </ul>

## Test 2V0-16.25 Collection | Valid 2V0-16.25 Real Test

VMware 2V0-16.25 exam is a Technical Specialist exam. VMware 2V0-16.25 exam can help and promote IT staff have a good career. With a good career, and of course you can create a steady stream of corporate and national interests, so as to promote the development of the national economy. If all of the IT staff can do like this the state will become stronger. ActualTestsIT VMware 2V0-16.25 Exam Training materials can help IT personnel to achieve this purpose. We guarantee you 100% to pass the exam. Make the tough decision to choose our ActualTestsIT VMware 2V0-16.25 exam training materials please.

### VMware vSphere Foundation 9.0 Administrator Sample Questions (Q18-Q23):

#### NEW QUESTION # 18

An administrator enables the VMware Cloud Foundation (VCF) Operations orchestrator Plug-in for VMware vSphere Web Client service on a VCF Operations orchestrator appliance.

How many vSphere instances can be integrated in the vSphere Client through the VCF Operations orchestrator plug-in?

- A. 0
- B. 1
- C. 2
- D. 3

#### Answer: D

Explanation:

The VCF Operations Orchestrator Plug-in for VMware vSphere Web Client allows orchestration workflows directly in the vSphere Client.

\* However, only one vSphere instance can be integrated at a time with the vSphere Client via this plug-in.

\* This limitation ensures a consistent, single orchestration endpoint per vSphere Client environment.

Other options (8, 10, 15) apply to scaling of vCenter or data sources but not to the Orchestrator Plug-in integration.

VMware Cloud Foundation 9.0.1 -Orchestrator Plug-in Integration Limits

VMware Docs: vRealize Orchestrator Plug-in for vSphere Web Client

## NEW QUESTION # 19

Which scenario demonstrates the benefit of server consolidation using VMware server virtualization?

- A. Performing load balancing between web servers.
- **B. Running multiple independent machines on a single physical host.**
- C. Automating the deployment of application clusters.
- D. Providing protection against ransomware attacks.

**Answer: B**

Explanation:

The core benefit of server consolidation using VMware server virtualization is the ability to run multiple independent virtual machines (VMs) on a single physical host.

- \* This increases hardware utilization, reduces physical server sprawl, and cuts operational costs.
- \* A. Load balancing# Achieved through features like DRS, not basic server consolidation.
- \* C. Ransomware protection# Achieved through security features and backups, not consolidation.
- \* D. Automating application clusters# A benefit of orchestration tools, not consolidation.

VMware Docs: VMware Virtualization Fundamentals

## NEW QUESTION # 20

An administrator has licensed vSphere components in Connected mode and then switched to Disconnected mode to meet the company security restrictions, which cannot be violated.

What must the administrator do to ensure the VMware vSphere Foundation license remains valid?

- A. Switch to Connected mode, validate that VCF Operations has downloaded a new license file from VCF Business Services console, and then switch to Disconnected mode at least once every 365 days.
- B. Nothing. The license is perpetual.
- **C. Manually exchange a registration and license file between the VCF Operations instance and the VCF Business Services console at least once every 180 days.**
- D. Provide an internet connection to VCF Operations, then download a new license file from the VCF Business Services console at least once every 180 days.

**Answer: C**

Explanation:

For Disconnected mode licensing in vSphere Foundation:

\* Administrators must manually export a registration file, upload it to the VCF Business Services console, and then import the license file back into VCF Operations.

\* This process must be repeated every 180 days to maintain license validity.

Other options:

- \* A. Switch to Connected mode once every 365 days# Incorrect; 180-day requirement.
- \* C. License is perpetual# Not correct; subscription-based license requires refresh.
- \* D. Provide internet connection every 180 days# Violates security restriction (Disconnected mode is required).

## NEW QUESTION # 21

An administrator is tasked with deploying a VMware Cloud Foundation (VCF) Operations for Logs appliance into vSphere Foundation.

After downloading the .ova, which component does the administrator use to deploy the file?

- A. VCF Automation
- **B. vSphere Client**
- C. VCF Operations

- D. VCF Fleet Management

**Answer: B**

Explanation:

To deploy the VCF Operations for Logs OVA appliance:

- \* The vSphere Client is used to deploy .ova and .ovf templates directly into a vCenter environment.
- \* After deployment, the appliance can be configured and integrated with VCF.

Other options:

- \* A. VCF Fleet Management# Used for multi-instance management, not OVA deployment.
- \* C. VCF Automation# Provides automation workflows, not appliance deployment.
- \* D. VCF Operations# Monitoring and analytics platform, not used for OVA installs.

**NEW QUESTION # 22**

Which action allows a Content Library in VMware vSphere Foundation (VVF) to be accessed by other VMware vCenter Server instances?

- **A. Publish the Content Library.**
- B. Store the library on a vSAN datastore.
- C. Store the library on a shared NFS datastore.
- D. Enable automatic synchronization.

**Answer: A**

Explanation:

To allow a Content Library in vSphere Foundation to be accessed by other vCenter Server instances, it must be published.

- \* Once published, other vCenters can subscribe to the library.
- \* Synchronization ensures subscribed vCenters receive updated templates and ISOs.

Other options:

- \* A. Automatic synchronization# Works only for subscribers, not for publishing.
- \* B. Store on vSAN datastore# Storage choice does not enable multi-vCenter access.
- \* C. Store on NFS datastore# Similar, datastore type does not matter.

**NEW QUESTION # 23**

.....

If you are going to attend the 2V0-16.25 exam, and want to get the certificate of the 2V0-16.25 exam, then consider the product of our company, since the pass rate of our company are above 98%, and if you attend the exam and failed it within 60 days after the purchasing, money back guarantee. Just think that you just need to spend some money for the 2V0-16.25 Exam, you will get the certificate of the business, and you not just have a more certificate than others, it's not only a skill, but also a chance. With the certificate for the 2V0-16.25 exam, you are approved by the professionals and you are also a professional in this industry.
