

WGU - Digital-Forensics-in-Cybersecurity - Digital Forensics in Cybersecurity (D431/C840) Course Exam–Valid Exam Objectives

WGU - D431 DIGITAL FORENSICS IN CYBERSECURITY EXAM 2024 WITH 100% CORRECT ANSWERS

Which law requires both parties to consent to the recording of a conversation?

- A. Electronic Communications Privacy (ECPA)
- B. Communications Assistance to Law Enforcement Act (CALEA)
- C. USA Patriot Act
- D. Health Insurance Portability and Accountability Act (HIPAA) Answer ✓✓ A. Electronic Communication Privacy (ECPA)

Which law is related to the disclosure of personally identifiable protected health information (PHI)?

- A. Federal Privacy Act of 1974
- B. Electronic Communication Privacy Act
- C. Health Insurance Portability and Accountability Act (HIPAA)
- D. CAN-SPAM Act Answer ✓✓ C. Health Insurance Portability and Accountability Act (HIPAA)

Which U.S. law criminalizes the act of knowingly using misleading domain name with the intent to deceive a minor into viewing harmful materials?

- A. 18 U.S.C. 2252B
- B. CAN-SPAM Act
- C. Children's Online Privacy Protection Act (COPPA)
- D. Communication Decency Act Answer ✓✓ A. 18 U.S.C. 2252B

Which U.S. law protects journalists from turning over their work or sources to law enforcement before the information is shared with the public?

2025 Latest DumpsQuestion Digital-Forensics-in-Cybersecurity PDF Dumps and Digital-Forensics-in-Cybersecurity Exam Engine Free Share: <https://drive.google.com/open?id=1wbeEt06xzpbwA6bphLYT3AD-MoHmVIGq>

As is known to us, getting the newest information is very important for all people to pass the exam and get the certification in the shortest time. In order to help all customers gain the newest information about the Digital-Forensics-in-Cybersecurity exam, the experts and professors from our company designed the best Digital-Forensics-in-Cybersecurity test guide. The experts will update the system every day. If there is new information about the exam, you will receive an email about the newest information about the Digital-Forensics-in-Cybersecurity Learning Materials. We can promise that you will never miss the important information about the Digital-Forensics-in-Cybersecurity exam.

Our Digital-Forensics-in-Cybersecurity practice materials enjoy great popularity in this line. We provide our Digital-Forensics-in-Cybersecurity practice materials on the superior quality and being confident that they will help you expand your horizon of knowledge of the exam. They are time-tested practice materials, so they are classic. As well as our after-sales services. We can offer further help related with our Digital-Forensics-in-Cybersecurity practice materials which win us high admiration. By devoting in this area so many years, we are omnipotent to solve the problems about the Digital-Forensics-in-Cybersecurity practice exam with stalwart confidence. Providing services 24/7 with patient and enthusiastic staff, they are willing to make your process more convenient.

WGU Digital-Forensics-in-Cybersecurity Practice Test (Web-Based)

If you don't prepare with real WGU Digital-Forensics-in-Cybersecurity questions, you fail, lose time and money. DumpsQuestion product is specially designed to help you pass the exam on the first try. The study material is easy to use. You can choose from 3 different formats available according to your needs. The 3 formats are WGU Digital-Forensics-in-Cybersecurity desktop practice test software, browser based practice exam, and PDF.

WGU Digital Forensics in Cybersecurity (D431/C840) Course Exam Sample Questions (Q46-Q51):

NEW QUESTION # 46

A forensics investigator is investigating a Windows computer which may be collecting data from other computers on the network. Which Windows command line tool can be used to determine connections between machines?

- A. Openfiles
- **B. Netstat**
- C. Telnet
- D. Xdetect

Answer: B

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

Netstat is a standard Windows command line utility that displays active network connections, routing tables, and network interface statistics. It is widely used in forensic investigations to identify current and past TCP/IP connections, including IP addresses and port numbers associated with remote hosts. This information helps investigators identify if the suspect computer has active connections to other machines potentially used for data collection or command and control.

* Telnet is a protocol used to connect to remote machines but does not display current network connections.

* Openfiles shows files opened remotely but not network connection details.

* Xdetect is not a standard Windows tool and not recognized in forensic investigations.

Reference: According to NIST SP 800-86 and SANS Digital Forensics guidelines, netstat is an essential tool for gathering network-related evidence during system investigations.

NEW QUESTION # 47

What are the three basic tasks that a systems forensic specialist must keep in mind when handling evidence during a cybercrime investigation?

- **A. Find evidence, preserve evidence, and prepare evidence**
- B. Analyze evidence, prepare evidence, and document evidence
- C. Preserve evidence, encrypt evidence, and delete evidence
- D. Find evidence, analyze evidence, and prosecute evidence

Answer: A

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

The fundamental tasks for a forensic specialist are to locate potential digital evidence, ensure its preservation to prevent tampering or loss, and prepare the evidence for analysis or legal proceedings. Proper handling maintains the evidentiary value of digital artifacts.

* Preservation includes using write-blockers and documenting chain of custody.

* Preparation may involve imaging, cataloging, and validating evidence.

Reference: NIST SP 800-86 emphasizes these stages as critical components of forensic processes.

NEW QUESTION # 48

Which law or guideline lists the four states a mobile device can be in when data is extracted from it?

- A. Electronic Communications Privacy Act (ECPA)
- B. Health Insurance Portability and Accountability Act (HIPAA)
- C. Communications Assistance to Law Enforcement Act (CALEA)
- **D. NIST SP 800-72 Guidelines**

Answer: D

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

NIST Special Publication 800-72 provides guidelines for mobile device forensics and identifies four device states during data extraction: active, idle, powered off, and locked. These states influence how data can be accessed and preserved.

* Understanding these states helps forensic investigators select appropriate acquisition techniques.

* NIST SP 800-72 is a key reference for mobile device forensic methodologies.

Reference: NIST SP 800-72 offers authoritative guidelines on handling mobile device data in forensic investigations.

NEW QUESTION # 49

A victim of Internet fraud fell for an online offer after using a search engine to find a deal on an expensive software purchase. Once the victim learned about the fraud, he contacted a forensic investigator for help.

Which digital evidence should the investigator collect?

- **A. Computer logs**
- B. Whois records
- C. Email headers
- D. Virus signatures

Answer: A

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

In Internet fraud investigations, computer logs are critical because they provide a record of user activity, including browsing history, downloads, and system events. These logs can help establish a timeline, identify malicious access, and confirm fraudulent transactions.

* Computer logs may include browser history, system event logs, and application logs that document the victim's interaction with the fraudulent offer.

* Whois records help identify domain registration details but are secondary evidence.

* Email headers are relevant if communication via email was part of the fraud but less critical than logs that show direct interaction.

* Virus signatures are used in malware investigations, not directly relevant to fraud evidence collection.

Reference: According to guidelines by the International Journal of Digital Crime and Forensics and the SANS Institute, capturing logs is essential in building a case for Internet fraud as it provides objective data about the victim's system and activities.

NEW QUESTION # 50

A forensic investigator suspects that spyware has been installed to a Mac OS X computer by way of an update.

Which Mac OS X log or folder stores information about system and software updates?

- A. /var/vm
- **B. /Library/Receipts**
- C. /var/spool/cups
- D. /var/log/daily.out

Answer: B

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

The /Library/Receipts folder on Mac OS X contains receipts that track software installation and updates, including system and application updates. This folder helps forensic investigators determine which updates were installed and when, useful for detecting suspicious or unauthorized software installations like spyware.

* /var/spool/cups is related to printer spooling.

* /var/log/daily.out contains daily system log summaries but not detailed update records.

* /var/vm contains virtual memory files.

NIST and Apple forensics documentation indicate that/Library/Receipts is a key location for examining software installation history.

NEW QUESTION # 51

.....

The reality is often cruel. What do we take to compete with other people? More useful certifications like Digital-Forensics-in-Cybersecurity certificate? In this era of surging talent, why should we stand out among the tens of thousands of graduates and be hired by the company? Only if you pass the exam can you get a better promotion. And if you want to pass it more efficiently, we must be the best partner for you. Because we are professional Digital-Forensics-in-Cybersecurity question torrent provider, we are worth trusting; because we make great efforts, we do better. Here are many reasons to choose us.

Exam Digital-Forensics-in-Cybersecurity Flashcards: <https://www.dumpsquestion.com/Digital-Forensics-in-Cybersecurity-exam-dumps-collection.html>

In order to meet the different need from our customers, the experts and professors from our company designed three different versions of our Digital-Forensics-in-Cybersecurity exam questions for our customers to choose, including the PDF version, the online version and the software version, They are definitely going to make your exam If you want to make your preparation perfect for the online WGU Digital-Forensics-in-Cybersecurity Digital Forensics in Cybersecurity (D431/C840) Course Exam, At the same time, we always keep updating the Digital-Forensics-in-Cybersecurity training guide to the most accurate and the latest.

But if you do have a visually appealing product or service, and if you're Digital-Forensics-in-Cybersecurity Latest Exam prep aiming primarily for a female demographic, then give Pinterest a spin, I want to congratulate you both on your new book, Video Made on a Mac.

100% Pass Quiz Digital-Forensics-in-Cybersecurity - Digital Forensics in Cybersecurity (D431/C840) Course Exam –Professional Exam Objectives

In order to meet the different need from our Dumps Digital-Forensics-in-Cybersecurity Vce customers, the experts and professors from our company designed three different versions of our Digital-Forensics-in-Cybersecurity Exam Questions for our customers to choose, including the PDF version, the online version and the software version.

They are definitely going to make your exam Digital-Forensics-in-Cybersecurity If you want to make your preparation perfect for the online WGU Digital-Forensics-in-Cybersecurity Digital Forensics in Cybersecurity (D431/C840) Course Exam, At the same time, we always keep updating the Digital-Forensics-in-Cybersecurity training guide to the most accurate and the latest.

APP (Online Test Engine) of Digital-Forensics-in-Cybersecurity real dumps has same functions with soft (PC Test Engine), What's more, our product is quite cheaper compared with other product, you just need to spent some money to buy and practice it, then a certificate of the Digital-Forensics-in-Cybersecurity will be gotten, which can add your competitive ability in the job market.
